Efforts to bring the 82nd nearer authorized strength have been complicated by the use of trained airborne soldiers as elements of occupation forces in Germany and Ja-

Some strategists note that the reported 100,000-man strength of the Russian airborne force may be misleading because of a possible Soviet deficiency in the important matter of air transportation.

Russia's primary aviation interest during the war was in fighter type planes. She virtually ignored heavy bomber aircraft and, either because of policy or production difficulties, did little transport plane building. What her strength in transport is today is uncertain. Lend-lease reports show that dur-

How many of these 700 transports plus any she may have obtaineed from Britain and built herself still are operable is unknown. However, American experts have estimated that it requires about 1,500 transports of existing designs to move one division of about 12,000 men with their equipment.

### The Meaning Of Lent

By REV. ROBERT M. HUNT,

The Presbyterian Church, Gettysburg, Pa

Minister

The Lenten season is a good time to be on guard against temptation. It is a time to redouble our faith and our dependence upon God for strength to resist temptation. The three temptations by which Satan tried to ensnare the Son of God or Biblical history. Although Christ completely triumphed over His tempter in the wilderness, Satan still finds these three temptations very effective with man:

The temptation to be guided by

our appetites to the detriment of body and soul is one that results in tragically broken hearts, homes and health. The appetite for liquor takes many lives in many ways. 'There are more than 3,000,000 immoderate drinkers in the U.S., 750,000 of whom are chronic alcoholics," a current magazine tells us. On the altar of Bacchus each year are placed thousands of lives, smashed hopes, wrecked homes, all needless sacrifices to an uncontrolled appetite of man. The insatiable appetite for pleasures of body and mind finds first place in many a misguided individual's quest for life. Even the appetite for food in great abundance and variety is an intemperance that takes root in the temptation to follow the dictates of our appetites.

TO THIS TEMPTATION JESUS SAID: "IT IS WRITTEN, MAN SHALL NOT LIVE BY BREAD ALONE BUT BY EVERY WORD THAT PROCEEDETH OUT OF THE MOUTH OF GOD." The temptations to put "unnatural"

trust in God's providence is one of Satan's most subtle weapons. It is the "nothing can happen to me until my number is up" philosophy. Satan says to you: "Live joyously, recklessly, neglectfully live life to the halt; do about as you please-nothing will happen to you if you call yourself one of God's children. He'll take care of you, so why worry!" TO THIS TEMPTATION JESUS

SAID: "IT IS WRITTEN, THOU SHALT NOT TEMPT THE LORD THY GOD." The temptation to gain what the

world 'calls "success" by selling your soul to Satan is one you would think "I owe the government \$27.37," he no individual in his right mind would fall for. And yet, the sale of the human soul in exchange for those things that go to make up th "kingdoms of the world" has just about reached an all-time high in the world of merchandise. The greedy quest for material possessions, positions and potentialities has set up "false gods" in far too many homes in America—a land whose very foundations were built upon a rock of faith in a God who said: Thou shalt have no other gods before me" Satan's design is that we should desire worldly things more

> than we desire God. TO THIS TEMPTATION JESUS SAID: "IT IS WRITTEN, THOU SHALT WORSHIP THE LORD THY GOD AND HIM ONLY SHALT THY SERVE."

### BASEBALL LOOP **VOTES TO PLAY** SPLIT SEASON

Baseball league Thursday evening at the American Legion home, Baltimore street, it was decided to play a split schedule during the coming season with a first half winner meeting the second half winner in a three-game title series.

It was decided that the 27-game schedule of each team will be divided so that 14 games will comprise the first half and 13 the second half.

A change from last year's policy of alternating umpires was made and this year each team will take its own umpire to all games.

The group voted to start all Saturday games at 2:30 p. m. and morning holiday games at 9:30 o'clock. The morning games will be called promptly at 12 o'clock noon regardless of the score in order to allow teams sufficient time to travel to the site of the afternoon tilts.

The next meeting will be held at the Legion home Thursday evening, off on the Gettycburg college court

# BULLET MATMEN BULLET SCRUBS

Victorious in five straight matches brought about by a series of mis- waging a nerve-wracking struggle mate in the loop's only other game. until halted last Saturday by Johns haps, the Gettysburg college junior varsity basketball regulars have been Gettysburg college matmen will at- advanced by Coach "Hen" Bream and will get their first taste of varsity action Saturday evening when the Bullets meet Rutgers at New

Four former Gettysburg high cagers are included in the group. They are George Gorman and George Fair, forwards; Gaylord Fissel, center, and Dick Fidler, guard. Ray Nowak, guard, who rounds out the quintet, hails from Pittsburgh.

As Bullet reserves the above combination won 10 of 11 games. Their play as a unit has been of the best and it is Coach Bream's plan to use them as a unit in the three remaining Bullet contests, all of which will be played on foreign courts. Following the Rutgers tilt Dickinson will be met at Carlisle March 5 and Franklin and Marshall at Lancaster on March 8.

Pure and Akers will again be missing from the Bullet souad Saturday night while Ross Sachs, who is still suffering with a sore back, is a doubtful participant.

Science Heals

Christian

TO BE not only interested and enlightened, but to be profoundly refreshed and even healed of disease, has been the experience of countless thousands in reading the Christian Science textbook.

SCIENCE & HEALTH with Key to the Scriptures by Mary Baker Eddy

For the book shows clearly that our thoughts determine our health and other experience, and it supplies the thoughts, the concepts of ourselves, our capabilities, and our relationships, of life and of God as its source, which make experience harmonious.

The complete explanation of Christian Science and its scientifically Christian method of overcoming sickness and other distresses and limitations is given in this volume.

A book for everyone to understand and use.

### Here Is A Message From Gettysburg Gas Corporation

We are pleased to announce that with moderate weather the critical gas supply situation has been conservatively improved.

Gas pressure in our lines has built up substantially. Both domestic and commercial users now have a normal supply of gas.

To all those who cooperated with us during the past few days by postponing laundry and limiting their use of hot water and by conserving gas in any other way.

WE WANT TO EXPRESS OUR SINCERE THANKS

Your Cooperation Has Helped Us Inmeasurably Over A Very Critical Period

car of the Pennsylvania railroad's York - to - Texas train at the peak of the Alleghenies in pre-dawn darkness today, careened wildly down the mountainside and plowed into an porter and injuring 11 passengers.

The crash occurred at Bennington PRR's eastbound "Red Arrow" hurdled the rails and plummeted into a deep ravine, killing 24 persons and injuring some 150.

The victim of the crash today was identified by the railroad as L. Keys, a Pullman employe who works out of the Houston, Tex., PRR district. His home town and age were not immediately available.

Probe Brake Failure Railroad officials at Pittsburgh began an immediate investigation, centering the probe principally around why the car's automatic airbrakes failed to operate.

"That's what we want to know first," the spokesman said, adding that investigators will also seek the find out "how the car uncoupled from the train while it was standing of the accident two of the injured Preston Anderson, of Norristown, still at the top of the mountain."

The train had stopped outside Gallitzin to take off one of two about 40, Jersey City, N. J., and phia area, testified that the cost of engines used to pull it up the treacherous and tough mountain

Passengers in the other sleepers and coaches did not know the train had lost a car until it reached Pittsburgh, about 100 miles west of here.

The accident occurred at 3:45 a.m. A spokesman said the New Yorkto-Texas train stopped outside Gallitzin as he neared the top of the scenic Allegheny mountainside. Suddnely the rear car broke loose.

It remained on the tracks, however, racing backwards for three and a half miles, until it hit the first curve east of Bennington. Then the car jumped the tracks. But it remained upright, one end plowing into the dirt embankment.

### BOROUGH TAX **NEEDS STUDIED**

Harrisburg, Feb. 28 (A)-A proposal advocating upward revision of the borough millage scale to provide additional revenue for the commonwealth's boroughs was studied today by the Pennsylvania State Association of Boroughs.

The proposal asks that the state legislature raise the borough millage of the National Council of Catholic figure from its present 15 mill ceiling to 18 or 20 mills.

Meanwhile, Claude C. Fogelman, Northampton borough secretary, told the association's 36th annual convention last night that "the need is great and grave" for additional borough revenue. Fogelman maintained that additional funds from central government do not imply increased control, since the funds are collected from local sources.

George M. Berg, Northampton burgess, urged wider authority for commonwealth burgesses to deal with juvenile delinquency. "If we had authority to uncover all the facts and circumstances associated mass at 8:30 a.m. and ending with with juvenile delinquency cases," he declared, "the cause of this type of behavior could often be traced to
